No Change Seen On City Paving

Paving is still on the city agenda even though there are two new commissioners sitting on the council.

Mayor Paul Lindsey called a special session of city dads Monday to get a vote of confidence to a previously adopted paving program from the commissioners and also to dispel what he termed "rumors" that angle parking would not be allowed on newly-widened streets around the outside of the "square".

The two new commissioners are Felix Pierce and Tom Foster.

Part of the misunderstanding arose, the Mayor said, because although Fifth Avenue between 14th and 15th St. had been widened, it has not been marked to indicate head-in parking is allowed.

"The main reason to have widened the streets," Mayor Lindsey declared, "was to have angle parking."

Streets to be widened in the city's program this summer are to include 14th between Fourth and Fifth Ave.; Fifth Avenue between 16th and 17th St.; and 17th St. between Fourth and Fifth Ave.

"It would not be fair," Mayor Lindsey continued, "to have parallel parking on wide streets when angle parking is now allowed inside of the square."

When asked if they favored the summer paving program, newly elected commissioners Pierce and Foster said they did.

"We can't just stand still," Foster said. "The main thing is to try to watch and not move too fast."

Engineers should be more careful, Foster said, in properly setting grades on new streets.

Local Girl Is Winner

Kathy Gist, daughter of Mr. and Mrs. R. B. Gist, Jr. of Canyon, was named a junior division champion in the meat category at the District I 4-H Foods Show held in Canyon Saturday.

Mrs. Sue Farris, district home demonstration agent, was in charge of the competition which was held at Canyon High School.

Miss Gist was the only champion from Randall County entries, according to Mrs. D. C. Gamble, home demonstration agent.

"CASE OF THE CRUSHED PETUNIAS" which won first place regional one-act play at Odessa last week end is portrayed in the final scene here as the young man, Ray Walker, explains about life to Mary Mitchell. Miss Mitchell was named "best actress" for her performance and Walker was named to the all-star cast.

One-Act Play Austin Bound

Canyon High School's one-act play took first place in the regional University Interscholastic League contests in Odessa over the week end.

Members of the cast took numerous individual honors including all-star cast rating for Mary Mitchell and Ray Walker.

The group will now compete in the state contest which will be held May 6 in Austin. The cast is made up of Mary Mitchell, Ray Walker, Alan Demus, and Connie Clifton.

The play is "The Case of the Crushed Petunias," written by Tennessee Williams. The play is a pantomime and was applauded by the judges as the "best of the judging season", according to Eddie Thomas, speech instructor.

"The judges said that our performance brought life, vitality and believability to the play," commented Thomas.

The judges also commended the CHS acting group for their close cooperation, acting technique and portraval.

Miss Mitchell received an award as "best actress" for her role as Miss Simple. Also named to the all-star cast was Ray Walker who portrays young man life in the play.

In preparation for the state contest, the play was presented Tuesday night for an adult workshop of the Amarillo Little Theatre.

The play, which is directed by Thomas, has costumes and technical work done by Darlene Williams with assistance from Margaret Raef. Miss Williams was presented a special award at the district UIL meet held here recently for her work in the technical production

Architects Hired By County

Study Remodeling

May Solve County Floor Space Need

Architects Clayton Shiver and Russell Megert, Amarillo, have been hired to explore the remodeling of the fourth floor of Randall County Courthouse.

County Commissioner Bill Butler said he thinks 20 percent more floor space can be added to the courthouse by remodeling.

The architects looked over the fourth floor, which has been almost sealed off, Monday. The floor has never been used for anything except miscellaneous storage.

Also under study is a plan to lower the ceiling of the present district court room and use the upper portion as a part of the fourth floor. "We could put office space above the court room if the structure will permit it," said Megert.

"We know we have a good foundation under the courthouse," declared Commissioner Clarence Beckman.

Shiver said the courthouse also is in need of a complete heating and airconditioning system. At present steam heating is used and most of the courthouse proper is airconditioned with window refrigeration units. These are not adequate, the architects declared.

One commissioner noted that if the courthouse fourth floor can be used there will be no necessity of building an annex at the present time. Building of an annex for more courthouse space has been under study for more than a year.

Commissioner Glenn Dowlen has suggested that the jury dormitory in the present courthouse annex be used for office space. He said it is not profitable to retain the space for jury use since it is needed so infrequently.

The last time the jury dormitory was used was in 1965.

Bulletin

The House passed and sent to the governor Wednesday morning a bill by Senator Grady Hazlewood of Canyon that would create a new board of regents for West Texas State University.

The bill was carried in the house by Rep. J. M. "Red" Simpson of Amarillo.

Under provisions of the bill WT would have a separate board of regents made up of nine persons.

Clinic Gives Rabies Shots

Rabies immunization shots will be given pets Friday and Saturday at Markham Veterinary Clinic at a reduced rate, according to Dr. J. L. Markham, veterinarian.

Approximately 400 pets were immunized in the city-wide vaccination drive last year. All pets should be given the immunization for the disease again at this time cautioned Dr. Markham, saying that the immunization is good only for one year.

Vaccinations will be given during regular office hours of 8 a.m. and 6 p.m. at a rate of $2 per animal. The process can be completed with more speed if all animals are brought to the clinic on a leash, according to Dr. Markham.

"The more pets to which we give the rabies vaccination, the safer our town will be," concluded Dr. Markham.

Top Cadets Get Awards Thursday

Outstanding cadets in each class and outstanding units of the Reserve Officers' Training Corps at West Texas State University will be honored today, Thursday, at the annual awards review closing the year's activities for the cadet corps.

The ceremonies will be staged on the drill field east of Jarrett Hall and will begin at 1 p.m. The public is invited.

Col. Henry L. Calder, professor of military science since 1962, will also be honored. In June, Col. Calder will complete his tour of duty at WTSU and will be transferred to attend the comptroller's school at Fort Benjamin Harrison in Indiana. He is slated to become post comptroller at Fort Polk, in Louisiana.

Awards will go to the top cadets in the senior, junior, sophomore, and freshman classes. The President's trophy will be awarded to the outstanding senior, while the top junior will receive the Professor of Military Science and Tactics trophy.

The W. E. Lockhart trophy, given by the Canyon American Legion post, and the Martin Allen Dickinson award, given by the Canyon Veterans of Foreign Wars post, will go to the outstanding sophomore and freshman cadets, respectively.

Other awards include Chicago Tribune medals for outstanding academic achievement in each class; and a Reserve Officers' Association award for best performance in military history.

Outstanding company of the WTSU Brigade will receive the Col. T. H. McDonald award, and the top members of such organizations as the drill team, rifle team, and band, will also be recognized.

More than 700 Lions members from 60 area clubs attended the three-day affair.

Dr. Waugh was born in Missouri. He received the BS in education from Central Missouri State College, one MA from the University of Kansas City and one from Colorado State College of Education, and a doctor of education degree from Indiana University.

In 1956 Dr. Waugh began teaching at West Texas State University. He is now associate professor of education and director of Student Personnel Services at WTSU.

He is a member of the Canyon Chamber of Commerce, Randall County unit of the American Cancer Society, Board of Directors of the Texas division of the American Cancer Society and Potter-Randall Citizens Committee. He is a member of the First Methodist Church and a veteran of World War II.

DST Begins Sunday AM

Canyon and the rest of the state goes on Daylight Saving Time Sunday morning.

To have the correct ime, you should set your clock forward one hour at bedtime Saturday. The time change officially goes into effect at 2 a.m. Sunday.

Both City Hall and units of the Canyon Independent School District said they would follow the time change.

Canyon's two banks, the First National and West Texas State, said they would follow the change.

Roland Black, manager of the Canyon Chamber of Commerce, said he had not officially been notified as the the policy of city business establishments concerning the change. He did say,

Center Target Date June 1st

Target date for the completion of the Palo Duro Shopping Center is June 1, according to Ruel Nash, Plainview, developer of the project.

Mearl Davis, superintendent for Jameson Construction, builders for the complex, said the structure was about 65 per cent completed.

High winds hampered work for about a day and a half, Davis said, and caused brick mortar to dry too rapidly.

One thing helpful in construction work of the center's nature is that builders can go from one area to another.

As an example, Davis said his crew could leave cement to dry while they work on another phase of the construction work.

Steel workers are 90 per cent finished with their portion of the center, he noted, and roofers will begin in the near future to cover the large complex.

Air conditioning units for the $275,000-plus structure have already arrived, Davis said.

The center will have approximately 36,000 square feet of floor space and will house a grocery story, dry goods store, a variety, an automatic laundry, restaurant and spaces for several other smaller businesses.

Permits for the construction of the center were signed in early January.

CANYON JAYCEE-ETTES grabbed top honors at the state convention of Jaycees and Jaycee-Ettes held in Fort Worth over the week end. Mrs. Guy Hamblen, left, president of the local club, displays a plaque awarded her club for being the outstanding club in the state in its division. Mrs. Charles Marshall shows her award for being outstanding Jaycee-Ette in the state in population division II. With them is Guy Hamblen, Canyon, Area I state director.

Jaycees-Jaycee-Ettes Bring Home Top Awards

Numerous awards were brought home by Canyon Jaycee and Jaycee-Ette delegates attending the joint state convention in Fort Worth last week end.

Guy Hamblen, a Canyon Jaycee, was officially installed as state director for Area I Jaycees at the convention.

The local Jaycee club also brought home two third place awards for scrapbooks in the division of "Youth and Sports" and "Public Health and Safety".

"Most outstanding club" in the state population division under 10,000 went to the Jaycee-Ettes for the second year in a row. The Jaycee-Ettes also received a travel trophy, based on number of miles traveled and percentage of membership attending the convention.

Mrs. Charles Marshall, who was nominated as "outstanding Jaycee-Ette" by the local women's club, was declared as state winner of the honor in the club's population division.

In scrapbook categories, the Jaycee-Ettes received a first place in aid to Jaycees, a second in civic activities, a second in other Jaycee-Ette activities and a third place in ways and means.

Representing the two local clubs at the convention were Mr. and Mrs. Delbert Turk, Mr. and Mrs. Jim Scott, Mr. and Mrs. Weyman Brown, Mr. and Mrs. Guy Hamblen, Mr. and Mrs. Charles Marshall and Mr. and Mrs. J. W. Sims.

FFA Teams Competing At Tech

Five Future Farmers of America judging teams from Canyon High School will participate in area contests at Texas Tech Saturday.

The five groups will judge livestock, dairy, dairy products, poultry and crops at the Lubbock meet.

Accompanying the boys will be Carrol Duncan and Rodney Myrick of the CHS Vocational Agriculture Department.

Another FFA judging team from CHS competed in land judging contests at Stephenville last week. Results of that contest will be announced at a later date.

Lions Club Broom Sale This Week

Canyon Lions Club will conduct its annual broom sale with a door-to-door campaign in the city Friday and Saturday.

Two groups, headed by George Dowlen and Dr. W. J. Wooten, will canvas the city with 21-member teams selling brooms, mops, dust cloths, ironing board covers and other household items.

The brooms are constructed by an organization in Fort Worth called the Caravan Sales for the Blind. The brooms are made by blind workers.

The local club will receive 20 percent of the sale proceeds to be used for sight conservation here and donations to a crippled children's home in Kerrville.

Canyon Lions purchased eye glasses for 15 city residents during the last two months.

For those who are not reached by the house-to-house drive, all items sold by the club will be available in front of the Olympic Theatre all day Saturday.

Purchases may also be made by contacting any Lions Club member.

The captain and his team selling the most brooms will be treated to a chicken dinner at a later date. The losing team and its captain will eat beans.

Co-chairman of the sale are John Boone and Dr. Fred Stoker.

IF YOU HAVE A broom in this shape, you can buy a new one Friday and Saturday from Canyon Lions Club. Brooms and other necessities are offered by the Texas Caravan Sales for the Blind through the local Lions Club. Looking at one of the most dilapidated brooms in Canyon are George Dowlen, left, Lion Club president, and W. A. "Bill" Wilson.

FROM THE CANYON RIM

By Troy Martin

George Dowlen, Randall County criminal district attorney, may be asking for an assistant in the not too distant future.

When citizens of the county need to talk to the DA they usually want to do so in a hurry. With the present setup this is often impossible.

Dowlen finds it hard to do his job and still remain as readily available to the public as he should be. For another thing, the case load in the district attorney's office is growing.

When Dowlen is with the grand jury, he's just about certain to get several calls demanding his attention. There is no one in his office to pinch hit for him in such a case.

I don't know how long it will be but we can look forward to the criminal district attorney's office having two attorneys.

Arch Hunsley says Hunsley Hills is "going to the dogs."

He said he counted 11 dogs in one pack one day last week. Some of the disgruntled residents of Hunsley Hills say they are going to get BB guns if something isn't done.

Arch thinks people who keep dogs as pets should keep them either penned or tied. This makes for a sad life for dogs but any canine running loose in the city is automatically a law breaker.

I feel for the dogs and dog lovers but I agree with Arch that people have the right to their own property sans dogs if that's the way they like it.

Raising postal rates as President Johnson has asked isn't going to do the postal system or the national budget much good.

Budgeted deficit for the Postal Department is $1.2 billion for next year according to reported figures.

Johnson is asking for a cent raise on five cent stamps, post cards and the 8-cent airmail stamps beginning in July. This would yield about $800 million a year.

At the same time the President is asking for a 4.5 percent raise for all federal civilian workers and members of the Armed Forces. The cost would be more than $1 billion annually, eating up the requested postage raise.

I think the Postal Department should be run like a private business. Merchanization is long past due. Private enterprise has learned that it is better to work capital than to work labor. I don't see why the Post Office Department can't be put in the black by employing the same techniques.

The amazing thing to me about Svetlana Alliluyeva (Stalin's daughter) defecting to the west was that she was allowed out of Russia at all.

Stalin had a son, Vassily, who served as a Red Army general in World War II. No one has heard from him since Stalin's death.

What with royalty and film rights on her upcoming book, Svetlana stands a good chance of becoming a capitalist so despised by her late father.

Fifth Avenue should be renamed Elm Avenue. Some of the prettiest trees in the city flank Fifth Avenue. I'm sure some of these trees are almost as old as the city of Canyon.

Another civic club, the Lions Club, did Canyon proud over the week end at a convention in Dumas.

Kenneth Waugh of the local club was elected district governor for District 2-T1 and Katie Upshaw was runner up for district queen.

Know Your Schools

SCHOOL IMPROVEMENT

(Editor's Note: This article is one of a series on Canyon Schools. It is written by a member of the faculty.)

The people living in the Canyon Independent School District are interested in good schools. Instructors joining the faculty year after year choose to come here because of a keen interest in education and a sincere desire to become better prepared as professional teachers.

Many take night courses at the university, others attend summer school or enroll in workshops conducted locally and on other university campuses.

School board members come from all walks of life; farmers, doctors, lawyers, college professors, ministers, ranchers, business men and women. All demonstrate unique educational insight and give freely of their time and energy to the task of providing adequate instructional facilities, improving the caliber of professional personnel, raising the quality of classroom instruction, and updating teaching materials, equipment, and supplies.

Education is not a side line in Canyon. It is a movement of top priority.

Improvement of instruction is a result of continuous systematic study, planning, and evaluation by those concerned with the educational needs of youth.

The administrative staff, faculty, students, and parents should experience a sense of satisfaction and acceptance as educational improvements emerge. Sudden drastic changes should be avoided as they tend to produce a feeling of insecurity.

In a democracy all persons are recognized as individuals entitled to equal rights. Therefore, the educational program must be developed in a manner that will achieve this goal. All members of the professional staff should work dilligently to develop ideals, attitudes, and values acceptable in a democratic society. Furthermore, emphasis must be placed upon understanding factual knowledge, subject skills, and the development of vocational interests whereby the individual learns to think logically, express himself clearly, and make wise decisions. If these goals are achieved the school must:

Select learning experiences that develop fuller understanding and greater appreciation for the American heritage.

Provide for the mental, physical, social, and aesthetic needs of youth and develop basic moral and spiritual values.

Offer areas of interest designed to stimulate individual growth and development.

Render to individuals and groups intelligent educational and vocational guidance to assist them in making decisions for present and future needs.

Help students acquire the knowledge, skills, and interests that will enable them to achieve success in one or more areas of vocational interest.

Provide opportunities for developing understanding and appreciation for the natural and scientific environment of both the present and the future.

To achieve these goals the Canyon Public School has established policies which require continuous study, planning, evaluation, and revision in every phase of the school program. Each phase is continuously updated. Improvement of the instructional program must never cease, because this is the only way the school can remain a dynamic force capable of fulfilling the present and future needs of youth.

Two Hurt In Mishap

Two people were injured Monday afternoon in an automobile accident 9 miles west of Canyon on Texas Highways 1062 and 168.

Travis Elton Fambro, 44, of Dalhart was in good condition Wednesday at Neblett Memorial Hospital where he is being treated for internal injuries.

Fambro was traveling east when his 1964-model car was in collision with a vehicle driven by Marion Edward Hicks, 20, of Canyon. Hicks was treated for facial cuts at Neblett Hospital and released.

Hicks' 1962-model car was demolished, said investigating highway patrolmen.

Damages to the Fambro vehicle were estimated at $500.

Letter To The Editor

Baton Rouge, La.
April 24, 1967

To the Editor:

We were wishing we could send to Randall County some of the rain that fell on Baton Rouge on Friday, April 14th. The Weather Bureau reported 12.61 inches in 10 hours -- over 33 million tons of water poured on the city, an area of about 39 square miles, or 850,000 tons to the square mile. Many families were removed from their homes by boats or otherwise. Everything is green as the Tropics now, many beautiful flowers and shrubs are blooming, including the lovely Magnolias which are starting to bloom.

We are looking forward to coming home to Canyon in the summer.

WT Sports Banquet Set For May 4

West Texas State University athletes will be honored here May 4 when the annual All-Sports Banquet unfolds in the East Dining Hall at West Texas State University.

The banquet will begin at 7:30 p.m. Tickets are priced at $2.50 and may be purchased at the fieldhouse ticket office or at the East Dining Hall on the evening of May 4.

Highlighting the annual banquet will be the selection of honorary captains for the 1966 football and basektball squads and the naming of recipients for the Kleinschmidt, Fighting Heart and President's awards.

The Kleinschmidt awards are presented by J. Wesley Kleinschmidt, Canyon businessman, to the most valuable players in each sports as selected by a committee headed by Kleinschmidt. The President's Award was created in 1955 by Dr. James P. Cornette, University president, and he established the criteria of "citizenship, leadership, loyalty and cooperation, improvement in ability and general attitude." The Fighting Heart Award goes to the player who shows the greatest hustle, desire, teamwork and spirit.

Pampa radio man Warren Hasse will serve as master of ceremonies.

IN A CASE OF mistaken identity, the Marine Corps and the Navy have been bombarding Mrs. Dale (Robbie) Henry with literature beseeching her to join their particular branch of the service. "They evidently have me confused with a male senior at West Texas State University," said Mrs. Henry. "Their letters are directed to a man." Mrs. Henry is a teacher at Canyon Junior High School.

Eagles Lose Two District Games

Canyon High School was defeated in two district baseball games in the past week.

The Eagles fell to Dumas here 16-6 before losing in Hereford Tuesday 14-4, the latter game being cut short by the 10-run, five-inning rule.

Dumas carved a slim 1-0 lead in the top of the first, but Canyon tied it up when Lon Conner doubled and was singled in by Yogi Rossi.

Joe Moore broke up the 1-1 tie in the bottom of the second with a home run, only to see the Demons tie the score again in the top of the third.

The Eagles jumped back in front 4-2 in the bottom of the third on a two-run round-trip blast by Rossi that scored Don Howard ahead of him.

Dumas took over from that point and did most of the remaining scoring. The Demons tied the game 4-4 in the top of the fourth, and then pushed across six runs in each of the last two frames to run up a 16-4 lead before Canyon could come up with two more tallies in the last of the seventh.

While the Dumas game was decided on a late-inning outburst, the Hereford clash showed a completely opposite trend.

The Whitefaces bombed Eagle pitching for seven runs in the first inning and the outcome was never in doubt.

Canyon managed a slight rally in the top of the third, and closed to within four runs of their hosts. Jerry Lehnick singled and scored on a one-bagger by Galen Davis, before Dwayne Gerber sent Davis and Don Howard scurrying across the plate with a two-run double.

The losses dropped the Eagle record to 5-7 for the year, and 0-3 for district play.

Dumas	101	206	6--16
Canyon	112	000	2-- 6
Canyon	003	10x	x-- 4
Hereford	701	42x	x--14

'Camelot' Tickets Are Sold

No reserved seats for the remaining performances of "Camelot" are available.

Persons interested in seeing the musical may come to the box office about half-hour prior to performance, however, and have a good chance of getting a seat made available by a last-minute cancellation, said Tommy Key, manager of the WTSU box office.

Key commented that there have been from 15-20 empty seats at most performances due to late cancellations of reservations.

The show will be presented tonight through Saturday at 8:15 p.m. in the Branding Iron Theatre. WTSU students may receive tickets by presenting I.D. cards. Ticket prices are $3 for adults and $2 for public school students.

The sorghum to plant for yields that pay and pay

TE 66, TE 77, TE 88

Thousands of farmers call TE 66 "the best sorghum I ever planted!" Many of them have in the past planted dozens of different varieties. Now they say that TE 66 is the only grain hybrid they plant.

The reason for the remarkable success of TE 66 lies in its solid reputation for yields that pay and pay and pay and for reliable standability.

Make TE 66 the cornerstone of your grain program. Get your Golden Acres TE 66 seed now at Taylor-Evans.

The irrigated hybrid grain sorghum that boosts your "per acre" income

For bigger grain yields that deliver more profit per acre, plant Golden Acres TE 77. It's the full-season grain hybrid that all the others try to measure up to on irrigated land. Along with big yields, you'll get good standability and easy combining.

We can supply your TE 77 seed today. Call or come in now.

A full-season, irrigated hybrid for high yields and excellent field performance

You'll like the way it stands. You'll like the way it threshes. Above all, you'll like the quantity of grain you'll take to market when you plant TE 88.

TE 88 is a full-season hybrid (it matures a few days earlier than famous TE 77). TE 88 is an excellent choice to replace Texas 660 in your grain program. Seed available now.

National Status For WT Club

West Texas State University's Association of Chemistry Students has gained national status as a student affiliate chapter of the American Chemical Society, according to Dr. Claude Boatman, head of the chemistry department.

Sixteen members of the association have become charter members of the new affiliate, which is one of 461 active collegiate chapters in the nation. As an organization, the chapter will participate in many activities of the American Chemical Society.

Dr. Marion Guidry, professor of chemistry and biology, is faculty sponsor for the group, and C. L. Klingman, project leader in applied research at the Helium Research Activity in Amarillo, is professional advisor.

An installation dinner for the new chapter is planned some time in May, and outstanding chemistry students will be recognized at the dinner, Dr. Boatman said.

Officers of the chapter are William Ladd of Amarillo, chairman; Jim Whinnery of Canyon, vice chairman; and Sudie Stennis of Amarillo, secretary-treasurer.

Other charter members are Glen Deason, C. T. Dupriest, Carl Olson, Richard Chambers, Donald Molnar, Carl Johnson, Charles Peek, and John Lutz, all of Amarillo; Winfred Self and Norman Smyrl of Canyon; Sammy Scroggins of Bushland, Joel Oliver of Dumas; and Ocie Carl Hudson of Happy.

COOK OF THE WEEK

BY LORENA MILLER

Recipes for Deviled Steak and Bonanza Beans are shared with our readers this week by Mrs. Rodney Myrick.

Mrs. Myrick, the former Charlotte Craft, was raised at Lampasas where her parents, Mr. and Mrs. Dale Craft, still reside. She has one brother, Allen, living at Plainview.

A graduate of Lampasas High School, Mrs. Myrick attended Howard Payne College in Brownwood and received a BS in home economics education from Texas Tecnological College in Lubbock.

In 1961, Mrs. Myrick and her husband, Rodney, were married. The couple lived in Lubbock while both were completing their college work. He graduated from Texas Tech with a degree in agriculture education.

A native of Stanton, Myrick has two brothers, James of Odessa and Reggie of Hatch, New Mexico, and a sister, Mrs. Meredith Crone, who lives at Morton. His parents, Mr. and Mrs. Irvin Myrick, live at Stanton.

The Myricks moved to Canyon in 1963. He is vocational agriculture instructor at Canyon High School.

The couple has one daughter, Lora Leigh, 3 1/2. They are members of Calvary Baptist Church where Mrs. Myrick is president of the Woman's Missionary Union and he is director of the Training Union.

Home to the Myricks is a seven-acre plot of land on the southwest edge of Canyon. They lived on the site in a mobile home until October 1966, when they moved in a large house.

The Myricks are presently spending their spare time remodeling and redecorating their home. Mrs. Myrick has spent many hours in refinishing furniture for the home.

Animals are a favorite family hobby. They have horses, pigs, sheep, chickens and guinea pigs at their country home and often take horseback rides together, according to Mrs. Myrick.

Mrs. Myrick's favorite recipes are:

DEVILED STEAK

1 1/2 lb. round steak
1/4 cup flour
salt and pepper
1/2 tsp. Accent
2 Tbsp. cooking fat
1 med. onion, chopped
4 Tbsp. catsup
2 tsp. Worcestershire sauce
1 1/2 cup beef stock
1 tsp. chili powder
1 green pepper, optional

Pound flour, salt, pepper and Accent into steak. Cut steak into 1 x 2 strips. Fry in hot fat in heavy skillet until well browned. Add onion just before meat is done.

Mix the catsup, meat stock (which may be made of beef bouillion cubes), chili powder, and Worcestershire sauce and pour over meat. Stir to dissolve the meat crumbs in the skillet.

Cover and let simmer for one 1 1/2 hours until meat is tenter. Lay green peppers on top for last 20 minutes of cooking. Add additional water during cooking if needed.

Serve on toasted buns, with rice, buttered noodles or creamed potatoes. Serves four.

BONANZA BEANS

1 lb. pinto or kidney beans
1/4 lb. bacon, diced
1 clove garlic, minced
3/4 cup thinly sliced oinio
1/3 cup sweet red or green pepper, chopped
1/2 cup catsup
1/2 cup water
1/2 tsp. liquid smoke
1/8 tsp. crushed red pepper, optional
1 tsp. chili powder
1 tsp. salt

Cover beans with water and soak for several hours or overnight. Drain. Measure liquid and add enough water to make four cups. Return liquid to beans. Simmer in covered saucepan for 90 minutes.

Meanwhile, fry bacon, add garlic, onion, and pepper. Saute until tender. Add remaining ingredients and simmer in covered pan about 10 minutes.

Combine sauce with beans and cook for one hour or until tender. Serves six.

"I'm on the floor and I need help!"

These were the first words Mrs. Myrtle Allen heard when she answered the call on her switchboard. A telephone operator in Dallas, Mrs. Allen tells what happened next: "He could hardly talk," she recalled, "but it was evident he was stricken, on the floor helpless and had managed to dial 'Operator' for help. I told him to stay on the floor and not to worry because I wouldn't leave him."

With practiced efficiency, Mrs. Allen swung into action. Using another line, she called for an ambulance, alerted the man's next-door neighbor and notified his nearby relatives.

All the while, she kept the man on the phone, cautioning him not to move.

An ambulance arrived and rushed the man to a hospital. After being assured he was taken care of, Mrs. Allen returned to her normal work routine.

Later, the man, who had suffered a heart attack, called the telephone company and told how he had been helped. "Had it not been for that operator, I would have died," he said. "She was insistent that I keep quiet on the floor. The doctors told me it saved my life."

"It was thanks enough to me that he got help on time," said Mrs. Allen. "Any operator would have done the same thing."

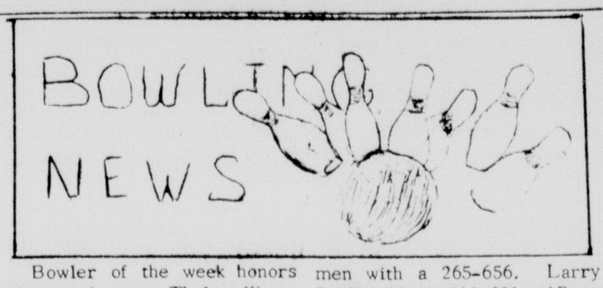

We're proud of Mrs. Myrtle Allen. Her actions in a time of trouble exemplify the highest ideals of the spirit of service of telephone people.

"Fast and unpredictable." That's the way West Texas State University track coach C. E. (Dirk) Dierking sums up his 1967 prospects.

"We should be strong in the sprints with Aaron Banks (9.6 in the 100-yard dash), Gary Clark (9.7), Curley Watters (9.8), Duane Thomas (9.8), Eugene Morris (9.9), and Troy Anderson (10.0) to call on, but a lack of depth might hurt us in the field events," says Dierking.

Steve Haterius, who has tossed the javelin 185 feet and hurdler Gary Conner, who skims across the tall timbers at a 15.5 clip, head up the Buffs' returnees from last season. Haterius also broad jumps, high jumps, and throws the shot.

Dierking can call on potentially outstanding weightmen. Cameron Junior College transfer Byron Jones, who placed fifth in the 1966 junior college nation is in the discus, and George Kebe, who spun the discus 170 feet in high school, appear powerful in their event. Junior Dave Whitmire and freshman Dag Azam, who have both tossed the shot over 46 feet, loom as promising shot put candidates.

West Texas State opens its 1967 track season Saturday when the Buffs travel to Stephenville to defend their 1966 championship in the All-College Invitational. The Buffs, paced by the versatile Haterius' 20 points, shaded Hardin-Simmons for the title in the meet's final event to take the meet victory over the Cowboys by nine points. Three other teams also competed.

The 1967 All-College Invitational field will include Hardin-Simmons, Tarleton State, Texas Wesleyan, St. Edwards, Wayland, San Angelo College, and Southwestern Oklahoma, in addition to the Buffs.

Buff Team Loses To Champions

The West Texas State University Buffaloes dropped an afternoon doubleheader to defending NAIA champion New Mexico Highlands in Las Vegas, N. M., Friday.

The Buffs lost the first game 4-1 and the second 2-0 as their season's record dropped to 7-12.

Catcher Steve Oakley's solo homer in the second inning supplied the Buffs' first game run. West Texas rapped eight hits, including a single and double by outfielder Roy Burrell against Cowboy starter John Sauerbier. Sauerbier struck out 14 Buffs.

Lefty Bob Lazzarri, looking for his third victory, was touched for seven hits and two runs, one unearned, to take the second game loss. Highlands pitcher Tony Cicenia was humming along with a no-hitter until Carl Dunn singled to open the seventh inning. Dunn's hit was the Buffs' lone safety.

BEWARE OF HEAD INJURIES

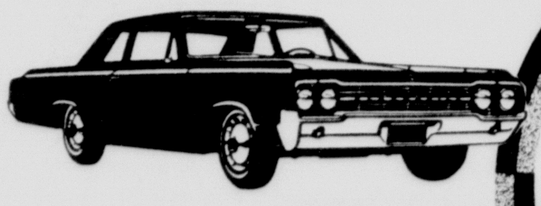

Skull fractures and other head injuries need not be serious. It is only when the brain is involved that real trouble occurs. For the brain is contained within the rigid cavity of the skull. There is no room for expansion of an injury, like what happens when a cut causes the hand or foot to swell.

Anyone rendered unconscious by a head-blow requires a physician's immediate attention. Persistent headache, dizziness, excessive fatigue, or vomiting are warning symptoms of a possible concussion. Take care of your brain.

Season Ticket Drive To Begin Next Month

BY JON LOW

With a goal of 10,000 season ticket sales before them, 40 leading businessmen and civic leaders of Amarillo and Canyon Tuesday launched the first of three proposed pre-season drives to sell West Texas State University football tickets.

Bill Butler, Amarillo, is serving as chairman of the Amarillo drive while J. W. Foust, president of the West Texas Ex-Students Association, assisted by Carroll Dozier and Butler, will coordinate ticket selling efforts. The area drive will get underway within the next month.

"This first drive will be directed at businesses in Amarillo and Canyon," said Butler. "The drive will continue through May and we feel that with our 1967 prospects the six home games scheduled for Buffalo Bowl will be well worth the price of admission."

Frank Kimbrough, WTSU athletic director, adds that season ticket sales are ahead of last year's pace and he encourages fans to purchase their 1967 tickets as early as possible to assure the seat of their choice.

Tickets and information may be obtained from the WTSU Athletic Office, at OL5-7141, extension 2204, or by writing Box 4, WT Station, Canyon, Tex.

As a special incentive to persons purchasing two or more season tickets, a parking space adjacent the stadium will be reserved. Season ticket holders may also choose from three reserved areas adjacent Buffalo Bowl for parking. KGNC-TV will also donate a film clip to persons purchasing four or more season tickets.

Season tickets for chair seats are priced at $24. Price without a chair is $21. Cost of bleacher seat tickets at the north and south ends of the stadium is $2 per game. Admission for students, high school age and under, is $1 for bleacher seats.

West Texas kicks off its 1967 home slate Sept. 16 when they host Montana State in Buffalo Bowl. The Buffs will then host Utah State (Sept. 23), University of the Pacific (Sept. 30), Colorado State (Oct. 7), and San Jose State (Oct. 14) before their first road trip. The Buffs wind up their 1967 home slate with the University of Texas at Arlington on Oct. 28. All home games begin at 7:30 p.m.
